The Office of Vehicle Safety Compliance (OVSC) has expanded the current Importation and Certification Division web site to include a section entitled “Frequently Asked Questions.” In this section we have attempted to address some common questions and concerns that the office deals with on a regular basis. If your question has not been addressed, please refer to *Related Government Agencies* for further assistance.

Equipment

Importing Motor Vehicle Equipment.

In order to be imported, motor vehicle equipment that is subject to an FMVSS has to be manufactured to conform to that standard and be so certified by its original manufacturer. This is true whether the equipment is new or used. The equipment standards include those pertaining to:

Also, certain motor vehicle replacement parts must meet the marking requirements of 49 CFR Part 541 Federal motor vehicle theft prevention standard.

Any equipment subject to any of the above standards must be in compliance at the time of importation. Non-compliant equipment may not be imported.

FMVSS NO.	TITLE
FMVSS No. 106	Brake hoses
FMVSS No. 108	Lamps, reflective devices, and associated equipment
FMVSS No. 109	New pneumatic tires
